

# EPDM ROLL

Tapes and adhesive products

- ✓ Easy to use
- ✓ Excellent processing

## PRODUCT DESCRIPTION:

**EPDM ROLL** are strips that can be used for covering battens. If EPDM Roll is not fixed, there is a risk of shrinkage. If EPDM Roll is left without water in ponds for too long, there is a risk of shrinkage of the product. Make sure that when the EPDM Roll is applied, it is first fixed and then filled with water as soon as possible.
